## SUMMARY

Currently, I am pursuing a Bachelor of Computer Application (BCA) degree at Sagarmatha College of Science and Technology. My academic background is particularly strong in web development, with a specific focus on Express.js and Node.js. My passion for technology drives me to face complex challenges and continuously improve my skills and knowledge in the field. I am committed to developing innovative solutions and refining my technical expertise to effectively contribute to dynamic technological environments.

## PROJECTS

- Donation Hero

[\(Project Link\)](#) Dec 2023

  - Donation platform supporting disaster relief for flood and landslide victims.
  - Secure and user-friendly interface using PHP, HTML, and CSS.
