Summary

I am currently pursuing Bachelor in Computer Application (BCA) at Sagarmatha College of Science and Technology. With a solid foundation in web development, particularly in Express.js and Node.js, I thrive on tackling tech challenges. My passion for technology drives me to continually expand my knowledge and skills in the field.

Skills

Node.js, Express.js, Web Development, JavaScript, PHP

Projects

Portfolio website Sep - Sep 2022

- My portfolio website demonstrates my expertise in web development, focusing on creating seamless user experiences and visually appealing designs using HTML and CSS.

BagSalesNepal Nov 2023 - May 2024

- BagSalesNepal, is an e-commerce website designed to provide a seamless shopping experience for bag enthusiasts. I focused on the backend and also contributed to the frontend, creating a functional and visually appealing website. I'm thrilled to have applied my skills to bring this project to life.

Donation Hero Dec - Dec 2023

- "Donation Hero" is a project I developed during Sagarmatha Hacks with one of my friend, designed to facilitate seamless donation experiences. I took charge of backend development and some frontend as well, ensuring the platform's functionality and user-friendly design.

Certifications
